

**Honorable Mention**  
Tranquility  
Kevin Wang, Hamilton HS

### **Tranquility**

We live in a world  
Filled with peace and tranquility.  
We live in a world  
Where life is prevalent.  
We must work to preserve  
The beauty of this world.  
Together the community can  
Join with each other and  
Make the world a better place.  
Work to create a peaceful environment  
For our future generations to come.  
So that they may continue  
To keep the world in tranquility.  
The cycle of life  
Should continue like this  
For the world would be  
A beautiful place to live  
If we all worked  
For a better purpose.
